

# INDEX TO JOURNAL OF MEDICAL EDUCATION

## VOLUME 46 • 1971

For easier reference, the following list keys page numbers to month of issue.

January	1-103	July	567-639
February	105-184	August	641-743
March	185-261	September	745-811
April	263-385	October	813-916
May	387-576	November	917-1012
June	477-565	December	1013-1121

### *Staff of Journal of Medical Education*

JOHN A. D. COOPER, *Editor*

MERRILL T. McCORD, *Managing Editor*

ROSEMARIE DALEY HENSEL, *Manuscript Editor*

MICHELE BLACK, *Assistant Editor*

ROSALIND MORRIS, *Staff Editor*

J. TREVOR THOMAS, *Business Manager*

## Author Index

- Abrams, H. K., and Byrd, A. R., III Survey of Grading Procedures of American and Associated Medical Colleges (*Communications*), 316
- Anderson, R. See Skovronsky, T. et al., 1074
- Anlyan, W. G. 1985 (1971 *Chairman's Address*), 917
- Antler, L. See Halberstam, J. L. et al., 504
- Anzel, D. M. See Cauffman, J. G., 618
- Arzbaecher, R. C. In-House Engineering Training for Hospital Staff, 204
- Austen, W. G. See Welt, L. G. et al., 689
- Bakewell, W. E., Jr., Ewing, J. A., Rouse, B. A., and Cochran, C. M. Experimental Psychiatric Clerkship for Prefreshman Medical Students, 156
- Bamford, J. C., Jr. Student Transfers from Foreign Medical Schools, 431
- Bangxang, H. N. See Doege, T. C., 989
- Barnhard, H. J. Atypical Programmed Instruction: Two Case Reports (*Communications*), 464
- Barrer, M. See Mechanick et al., 798
- Baum, J. R. See Jaussi, J. R. et al., 869
- Berenyi, M. R. See Straus, B., 788
- Beresford, H. R. The Teaching of Legal Medicine in Medical Schools in the United States, 401
- Berne, R. M. See Welt, L. G. et al., 689
- Best, W. F., Diekema, A. J., Fisher, L. A., and Smith, N. E. Multivariate Predictors in Selecting Medical Students, 42
- Bird, R. A. See Nelson et al., 745
- Blendon, R. J., and Gaus, C. R. Problems in Developing Health Services in Poverty Areas: The Johns Hopkins Experience, 477
- Blumberg, M. S. Accelerated Programs of Medical Education, 643
- Bock, W., and Egger, R. The Development of a Behavioral Science Model for a Family Practice Program, 831
- Bohnert, P. J. See Marozas, R. J. et al., 889
- Botterell, E. H. See Kraus, A. S. et al., 826
- Boyce, T. R. See Laws, E. H. et al., 540
- Boyle, B. P., and Coombs, R. H. Personality Profiles Related to Emotional Stress in the Initial Year of Medical Training, 882
- Brand, E. D. Performance of First- and Second-Year Medical Students Taking Pharmacology Course Together, 964

## Subject Index

### Academic Medical Centers: See Also Universities

- Activities of, relationship to the nation's health, Heard, 927
- Administrative structures of, Anlyan, 924
- Changing role of (*Editorial*), Cooper, 630
- Involvement in national health care system (*Editorial*), Cooper, 245
- Involvement of, in community health care, London, 18
- Leadership responsibilities and new roles of, Anlyan, 917
- Managerial staffs of, Anlyan, 924
- Options available to, Sanazaro, 11
- Relationship of government to, international aspects of, Prywes, 1020
- Role of: In educating primary health care personnel, Haggerty, 3; In providing for health care (*Editorial*), Cooper, 630

### Admissions:

- Applicants for: 1969-70 study of, Stritter *et al.*, 25; 1970-71 study of, Dubé *et al.*, 837
- Assumptions governing, Price *et al.*, 229
- Assumptions in, validity of, Loughmiller, 764
- Differential predictive validity of science MCAT in (*Communications*), Stefanu and Farmer, 461
- Government influence on, Prywes, 1022
- MCAT as a tool in, Haley *et al.*, 947
- Multivariate predictors used in, Best *et al.*, 42
- Predictive data for, perceptions and usage of, Hamberg *et al.*, 959
- Predictors of academic performance (*Communications*), Moffatt *et al.*, 545
- Role of MCAT in, Erdmann *et al.*, 937

### Allied Health Personnel:

- Collaborative training program for, Hendee, 660
- Instruction of, in basic sciences, Brunet, 51

### Allied Health Personnel:

- Nutritionists, role of, Phillips, 89
- Participation in a course on social medicine, Howard and Byl, 773
- Physician responsibility as conceptualized by, Loftus, 297
- Physician's Assistants: Evaluation of, Sanazaro, 17; Training of, in academic medical centers, Haggerty, 3
- Resources development for, Kinsinger, 124
- Soviet, education of, Cooper, 412

### A Policy for Biomedical Research:

Supplement, Welt *et al.*, 689

### Association of American Medical Colleges:

- Alan Gregg Memorial Lecture (1971), Heard, 927
- Annual Awards (1971): Abraham Flexner Award to Carl V. Moore, 933; Alan Gregg Memorial Lecture, Alexander Heard, 927; Borden Award to Joseph Willis Beard, 935
- Annual Meeting (1970): Awards, 339; Business Officers Section, 340; Continuing Medical Education, 340; Council of Academic Societies, 340; Council of Deans, 341; Council of Teaching Hospitals, 341; Educational Measurement and Research, 341; International Medical Education, 343; Medical Center Planning Officers, 344; Plenary Sessions, 339; Public Relations Section, 344; Student Affairs, 344.
- Assembly Minutes: February 7, 1970, 329; October 30, November 1, 1970, 332
- Chairman's Address (1971), Anlyan, 917
- Committees, 363
- Council Reports: Council of Academic Societies, 346; Council of Deans, 348; Council of Teaching Hospitals, 349; Executive Council, 345
- Financial Report: Division of Business Affairs, 358; Report of the Treasurer, 359
- Leadership role of, among health education associations, Anlyan, 926
- Medical film institute, Wakerlin, 593
- Message from the Chairman, Howard, 324
- Message from the President, Cooper, 324
- Proceedings, 1970, 321
- Role of, in the seventies (*Editorial*), Cooper, 1000
- Staff, 369
- Staff Reports: Accreditation, 356; Department of Academic Affairs, 350; Department of Health Services and Teaching Hospitals, 352; Department of Planning and Policy Development, 353; Division of International Medical Education, 355; Division of Publications, 356

### Basic Sciences:

- Anatomic pathology, color fiches for teaching (*Communications*), Smith, 249
- Anatomy: Gross, shortened curriculum in (*Communications*), Fern and Lyons, 673; Microscopic, an auto-tutorial course in

- (*Communications*), Rolston and Kochhar, 998
- Biochemistry course, new curriculum for, Saffran, 1080
- Cytopathology, new approach to teaching (*Communications*), Koprowska *et al.*, 250
- Genetics, medical (*Communications*), Rowley, 793
- Pathology: Case study method of teaching (*Communications*), de Champlain *et al.*, 795; Developing case studies for teaching (*Communications*), Novak, 622; Examinations on, use of minimum pass levels on, Taylor *et al.*, 876; Gastrointestinal, lecture versus non-lecture in teaching, Kent and Spivey, 525; Laboratory medicine, education of physicians for, Townsend *et al.*, 456
- Pharmacology: Behavioral, student-initiated curricular option in, Weisman, 896; Course in, performance of first- and second-year medical students in, Brand, 964; Developmental, operational program in, Wilson, 449; Laboratory exercises in, value of, Mandel *et al.*, 69
- Researchers and teachers of, plan for training, Terry and Ferrigan (*Communications*), 612
- Role of, in medical education (*Editorial*), Suter, 552
- Shortage of scientists in, Miller, 495
- Staffing patterns in (*Datagrams*), 680
- Teaching of, in Quebec education system, Brunet, 53
- Bibliography:**
- Medical education, 98, 177, 255, 379, 558, 634, 685, 808, 913, 1010, 1102
- Book Reviews:**
- 102, 180, 259, 382, 475, 561, 639, 682, 910, 1007, 1098
- Clinical Sciences:**
- Anesthesiology, oral examination of American Board of, Kelley *et al.*, 982
- Family Medicine: Behavioral science model for a program of, Bock and Egger, 831; Definition of, as an academic discipline, Geyman, 815; Family life cycle as an orienting concept for, Worby, 198; Practice of, initial career plans and, Kraus *et al.*, 826; Practitioner of (*Editorial*), Stone, 813; University program of, Phillips and Holler, 821
- Interdisciplinary laboratory approach for teaching (*Communications*), Harrell, 1087
- Ophthalmology, curriculum content in, Spivey, 269
- Orthopedic surgery: Certifying examinations for, use of profile system in, Levine and McGuire, 78; Rating performance of residents in, Levine and McGuire, 306
- Pediatrics, at Loyola (*Communications*) Griffith, 1090
- Psychiatry: Medical interviewing course for students of (*Communications*), Ware *et al.*, 620; New Approach to (*Communications*), Mechanick *et al.*, 798; Shortened training period for (*Communications*), Fey *et al.*, 615; Teaching program in, symptomatic change of psychiatric patients treated by medical students during, Marozas *et al.*, 889
- Radiology, course of instruction in (*Communications*), Schreiber, 169
- Staffing patterns in (*Datagrams*), 680
- Community Medicine:**
- Academic health center involvement in, London, 18
- Laboratory in, examples from northern Thailand, Doege and Bangxang, 989
- Leadership in, Sanazaro, 16
- M.P.H.-like experience in, feasibility of incorporating, Kane and Weisbuch, 652
- Computers:**
- Individualized learning activities managed by, Millard, 783
- Simulation of the clinical encounter aided by, Harless *et al.*, 443
- Test analysis by, Geisler and Papert, 666
- Use of, in developing a national biomedical communications network (*Supplement*), Stead *et al.* (Eds.), Number 7, Part 2
- Continuing Education:**
- For physicians in self-instructional study groups, Skovronsky *et al.*, 1074
- Informal educators for practicing physicians, Wenrich *et al.*, 299
- International educators' views toward, Prywes, 1020
- Recertification and, Anlyan, 922
- Relationship to clinical competence and specialty certification (*Communications*), Naftulin and Ware, 901
- Single concept approach to, in remote hospitals (*Communications*), White and Jones, 548
- Soviet, Cooper, 412
- Curriculum:**
- Accelerated, Blumberg, 643
- Basic sciences, at Laval University, Brunet, 54
- Behavioral pharmacology option in, student-initiated, Weisman, 896
- Community medicine, in Chiang Mai University, Doege and Bangxang, 989

- Content of: Analysis of (*Communications*), Marvin, 172; technique to determine, Spivey, 269
- Goals in, definition of (*Communications*), Weed, 676
- Gross anatomy, shortened, (*Communications*), Fern and Lyons, 673
- Licensure and, in international medical education, Prywes, 1024
- Master of Public Health, survey of, in 17 public health schools, Kane and Weisbuch, 652
- Medical-legal, at Mount Sinai School of Medicine, Ladimer and James, 760
- Medical-legal courses in: Beresford, 401; Dornette, 391
- Medical-legal topics covered in, Norton, 406
- Nutrition teaching in, Phillips, 86
- Of in-house engineering training for house staff, Arzbaecher, 204
- Pediatrics clerkship, student-designed, Silber and Spivey, 219
- Pharmacology, Brand, 964
- Radiologic technology, collaborative, Hendee, 660
- Reform of, in allied health field, Kinsinger, 129
- Sex education in, Cade and Jessee, 64
- Soviet medical school, Cooper, 412

#### Datagrams:

- Changing Pattern of Expenditures and Financial Support in Medical Colleges, 1959-60 through 1969-70, 632

#### Educational Technology:

- Computer-aided simulation of the clinical encounter, Harless *et al.*, 443
- Instructional media services planning based on, Millard, 782
- Medical film libraries, Wakerlin, 595
- National biomedical communications network developed through (*Editorial*), Stead, 802
- Programmed instruction, atypical (*Communications*), Barnhard, 464
- Use of, in developing a national biomedical communications network (*Supplement*), Stead *et al.* (Eds.), Number 7, Part 2
- Videotaped recordings, Stoeckle *et al.*, 518
- Educational Technology for Medicine: Roles for the Lister Hill Center:**
- Supplement, Stead *et al.* (Eds.), Number 7, Part 2 (See General Index, page 94 of supplement)

#### Enrollment:

- Effect on expenditures, Entwisle, 119
- Growth of, to 1985, Anlyan, 921
- 1968-69 through 1970-71 (*Datagrams*), 96

#### Evaluation:

- Of clinical competence of medical students in psychiatry, Graham (*Communications*), 625
- Of collaborative training program for allied health personnel, Hendee, 663
- Of a course in social medicine, Howard and Byl, 773
- Of financial aid programs to encourage practice in rural communities, Mason, 575
- Of medical student performance as it relates to internship performance (*Communications*), Korman and Stubblefield, 670
- Of multidisciplinary laboratories, Jaussi *et al.*, 869

- Of oral examination of the American Board of Anesthesiology, Kelley *et al.*, 982
- Of outpatient medical care, Fisher, 238
- Of performance of student transfers from foreign medical schools, Bamford, 431
- Of program in biochemistry, Saffran, 1083
- Of programmed teaching method, McCarthy, 607
- Of role of department chairmen, Petersdorf, 1069
- Of symptomatic change in psychiatric patients treated by medical students, Marozas *et al.*, 889
- Of use of films in medical education, Wakerlin, 596
- Of use of minimum pass levels on pathology examinations, Taylor *et al.*, 876
- Pass/fail system of, Jessee and Simon, 275

**Examinations:**

- Computerized analysis of, Geisler and Papert, 666
- Pathology, use of minimum pass levels on, Taylor *et al.*, 876
- Specialty Board: Anesthesiology, oral, Kelley *et al.*, 982; Orthopedic surgery, Levine and McGuire, 78

**Expenditures:**

- Changing patterns of, in medical colleges from 1959-60 through 1969-70 (*Datagrams*), 632
- Health, Heard, 927
- Of medical students, Smith and Crocker, 567

**Finances:**

- Capital, in teaching hospitals (*Datagrams*), 804
- Program cost allocation, as an accounting procedure, Entwisle, 121
- University-owned or -operated teaching hospitals, state appropriations and income analysis in (*Datagrams*), 555

**Financial Support:**

- Changing patterns of, in medical colleges from 1959-60 through 1969-70 (*Datagrams*), 632
- Federal, of medical school activities 1950-1971 (*Datagrams*), 906
- For East Baltimore Medical Plan, Blendon and Gaus, 478
- For medical education, derived by medical students, Smith and Crocker, 567
- For Pennsylvania plan scholars, Terry and Ferrigan (*Communications*), 612
- Mechanisms for providing, for universal health care, Rogers, 1054
- Of a family practice training program, Phillips and Holler, 826
- Resources of, for health care programs, Stagl, 1035

- To encourage practice in rural communities, Mason, 575

**Foreign Medical Graduates:**

- Experience of, in community hospitals, Halberstam *et al.*, 504
- Problem and opportunity, Millis, 312

**Government:**

- Federal: Executive Branch of, fragmentation of health concerns in, Anlyan, 925; Medical schools operated by, as sources of military physicians, Kiel, 485; Regional Medical Programs of, McCoy, 134; Support of medical school activities by, 1950-1971 (*Datagrams*), 906
- Relationship to health care, Heard, 930
- Relationships to medical schools, Prywes, 1019

**Health:**

- Concepts and definitions of, Heard, 927

**Health Care System(s):**

- Controlling costs of, Anlyan, 923
- Division of labor within, Heard, 930
- Group practice, prepaid program of, Blendon and Gaus, 478
- Present, problems in, Rogers, 1047
- Recommendation for, Anlyan, 917
- Teaching and research in, London, 18

**Health Manpower:**

- Developmental pharmacologists, Wilson, 449
- In Japan, Sugi, 150
- Imbalance of, Kinsinger, 124
- New types of, training of, Sanazaro, 15
- Primary care, education of, Haggerty, 3
- Production of, London, 21

**Health Services:**

- Community: Role of Charles R. Drew Postgraduate Medical School in providing, Cornely, 190; Student involvement in planning for (*Communications*), Cauffman and Anzel, 618
- Coordination of, by medical schools, McCoy, 134
- Development of, in poverty areas, Blendon and Gaus, 477
- Maldistribution of, Howard *et al.*, 105
- Outpatient, patients' evaluation of, Fisher, 238
- Primary, decreasing number of physicians providing, Crawford and McCormack, 263
- Providers of, character training for (*Communications*), Saunders, 613
- Research and development in a system of, Sanazaro, 13
- Rising expenditures in providing, Stagl, 1036

- Role of developmental pharmacology in, Wilson, 452
- Team approaches in providing, McFarlane *et al.*, 436
- Time-availability system of, Anlyan, 917
- Hospitals:**
- Cardiopulmonary resuscitation training programs in New York City (*Communications*), Schluger, 904
- Care-by-parent unit in (*Communications*), Haley and Lichtman, 542
- Community, foreign interns in, Halberstam *et al.*, 504
- Informal educators in, Wenrich *et al.*, 299
- Financing care in, Stagl, 1037
- Mount Sinai, medical jurisprudence program at, Ladimer and James, 760
- Remote, continuing education in (*Communications*), White and Jones, 548
- House Staff:**
- Foreign, in community hospitals, Halberstam *et al.*, 504
- Liability insurance protection for, Robertson, 858
- Medical law for, Dornette, 394
- Pedagogy for, Brown, 93
- Insurance:**
- Health, concerns for providing, on a national scale, Stagl, 1037
- Liability, professional, Robertson, 858
- Interdisciplinary Studies:**
- Laboratories for, evaluation and modifications of, Jaussi *et al.*, 869
- Medical legal course(s): Content of and method of teaching, Dornette, 389; Development of a, Norton, 405; Need for (*Editorial*), DuVal, 387; Teaching of, in U.S. medical schools, Beresford, 401
- Teaching of, pitfalls in, Howard and Byl, 772
- Interns/Internship:** See Postgraduate Medical Education
- Journal of Medical Education:**
- New direction for (*Editorial*), Editorial Board, 641
- Letters to the Editor:**
- 373, 470, 554, 634, 684, 807, 1009, 1100
- Lister Hill National Center for Biomedical Communications:**
- Development of a national biomedical communications network by (*Editorial*), Stead, 802
- Roles for (*Supplement*), Stead *et al.* (Eds.), Number 7, Part 2
- MCAT:**
- Applicant performance on: Dubé *et al.*, 838; Stritter *et al.*, 25
- Examinee population of, 1970 (*Datagrams*), 472
